## Online Safety Parent Session Tuesday 4th June at 9am – DO COME!!

Do you know what your child is doing on their computer or ipad? Do you know which sites are safe? Are you aware of all of the dangers of your child having a mobile phone? Are your children sending messages on x box? Is your child playing Fortnite? What are the dangers of Apps? What social media is suitable for my child? How much screen time is acceptable? **On Tuesday 4th June** we have paid for an outside company to come in and talk about online-safety all day with classes and also to do a meeting for parents **at 9am** to help parents think about keeping children safe at home on computers, ipads etc when they are playing games and using the Internet. We have run these sessions for the last few years and they have been a great success. Parents found it scary, thought provoking and extremely useful. It is very important to be one step ahead of your child as technology becomes more a part of children's everyday lives. Whatever your child's age, the meeting will be appropriate and useful.

## Our New Vice Chair of Governors – Clare Hegarty

I consider it to be a privilege to be a governor of Holly Park School. I came hoping that my commercial and management background coupled with many of years of working with children in the classroom, then as a School Business Manager, with Non Stop Action and as a Governor would bring beneficial experience to the Holly Park Governing Body. I judged that my first objective was to learn as much as I could about the school by attending as many meetings and learning walks as possible. Given my school management background, I have focussed on the committees for Finance (which now includes Premises) and Staff, Pupil & Wellbeing (SP&W). Through the Finance committee, we aim to ensure that the budget is spent wisely and achieve the best value for money. SP&W focuses on creating the very best environment for the children to be happy, secure and to be prepared for learning which is no less than they deserve! More recently, I assumed responsibility for GDPR and the role of Vice Chair. As Vice Chair, I hope to support our Chair, Tim in developing the governing body structure to better match the current needs of the school and to make best use of the skills of the team. The most pressing challenge is the on boarding of three new governors who come with a variety of skills and lots of enthusiasm. Outside of Holly Park, I am passionate about my work, I am a committed trustee of Arcobaleno Cancer Trust which raises funds for cancer research, but my most important role is as Mum to our three sons.

## Our Kitchens Area Manager/Trainer – Leigh Ashley

Leigh is a qualified chef originally working in hotels. He then moved into education and has over a decade of experience managing school kitchens and enhancing service types from Primary to Secondary schools. Leigh is a qualified trainer in food and Health and Safety with a portfolio of 16+ primary schools that he currently looks after. Leigh likes to meet every term with the school council to obtain feedback and incorporate their ideas in to the current menu cycle. Every year the school will receive bespoke theme day menus. Leigh also likes to meet regularly with the pupils during the lunch service to get feedback on the lunches. Over the last year, Leigh has overseen the introduction of yoghurt Stations, hydration stations, display plates and tailored menus into his schools. Leigh's next project (something he intends to introduce to Holly Park) is to incorporate the schools grow garden foods into the current menu to set a great standard of farm to fork within the local community. Leigh aims to provide happy healthy eating at Holly Park.

## Sunflower Competition

This week, the children brought home a small bag of sunflower seeds. The children need to plant their seeds and look after them and watch them grow. The competition is to see who can grow the tallest sunflower. I have attached some instructions about how to grow and look after the sunflowers. It will also be on the competition page of the school website. Good luck and happy growing!

### Y6 National Assessments

This week we had the national test week for Y6. The tests are very difficult for Y6 children with the average expectation being more in line with what an average 13 year old used to be expected to do. I would like to acknowledge all the staff who have worked with the children over the years but particularly Miss Biggs, Mr French, Mr Carini, Mrs Hurry and Mrs Phillips for the fantastic work they have done with the children this year and to all the other staff who have supported Y6 and run extra booster classes. Well done to our Y6 children who have kept calm and tried their best. Thank you to the governors who came in as independent observers to ensure the tests were carried out fairly.

## Sunflower Competition

### **How to grow your sunflower**

- 1 Put some soil in a plant pot
- 2 Put one seed in the soil about 2cm down
- 3 Water it
- 4 Put the plant pot in a warm place like a kitchen window sill
- 5 You could put half a plastic bottle over it and grow it outside
- 6 When leaves appear take the plastic bottle off.
- 7 Don't forget to water it
- 8 Carefully plant it out in a big pot (bucket size) or in the ground
- 9 Sunflowers can grow to over two metres – they need watering and protecting from slugs when they are tiny. They may also need a cane to support them.

**GOOD LUCK!**
