Statement of intent

Holly Park is committed to maintaining the confidentiality of its information and ensuring that all records within the school are only accessible by the appropriate individuals. In line with the requirements of the General Data Protection Regulation (GDPR), the school also has a responsibility to ensure that all records are only kept for as long as is necessary to fulfil the purpose(s) for which they were intended.

The school has created this policy to outline how records are stored, accessed, monitored, retained and disposed of, in order to meet the school's statutory requirements.

This document complies with the requirements set out in the GDPR, which will come into effect on 25 May 2018. The government has confirmed that the UK's decision to leave the EU will not affect the commencement of the GDPR.

1. Legal framework

1.1. This policy has due regard to legislation including, but not limited to, the following:

- General Data Protection Regulation (2016)
- Freedom of Information Act 2000
- Limitation Act 1980 (as amended by the Limitation Amendment Act 1980)

1.2. This policy also has due regard to the following guidance:

- Information Records Management Society 'Information Management Toolkit for Schools' 2016

1.3. This policy will be implemented in accordance with the following school policies and procedures:

- Data Protection Policy
- Freedom of Information Policy
- Online-security Policy
- Security Breach Management Plan

2. Responsibilities

2.1. The school as a whole has a responsibility for maintaining its records and record-keeping systems in line with statutory requirements.

2.2. The Governors hold overall responsibility for this policy and for ensuring it is implemented correctly.

- 2.3. The data protection officer (DPO) is responsible for the management of records at Holly Park School.
- 2.4. The DPO is responsible for promoting compliance with this policy and reviewing the policy on an annual basis, in conjunction with the Headteacher and governors.
- 2.5. The DPO is responsible for ensuring that all records are stored securely, in accordance with the retention periods outlined in this policy, and are disposed of correctly.
- 2.6. All staff members are responsible for ensuring that any records for which they are responsible for are accurate, maintained securely and disposed of correctly, in line with the provisions of this policy.

3. Management of pupil records

- 3.1. Pupil records are specific documents that are used throughout a pupil's time in the education system – they are passed to each school that a pupil attends and includes all personal information relating to them, e.g. date of birth, home address, as well as their progress and achievement.
- 3.2. The following information is stored on the front of a pupil record, and will be easily accessible:
 - Forename, surname, gender and date of birth
 - Unique pupil number
- 3.3. The following information is stored on the admission form inside the front cover of a pupil record, and will be easily accessible:
 - Ethnic origin, religion and first language (if not English)
 - Any preferred names
 - Position in their family, e.g. eldest sibling
 - Emergency contact details and the name of the pupil's doctor
 - Any allergies or other medical conditions that are important to be aware of
 - Names of parents, including their home address(es) and telephone number(s)
 - Name of the school, the date of admission and the date of leaving, where appropriate
 - Any other agency involvement, e.g. speech and language therapist

3.4. The following information is stored in a pupil record, and will be easily accessible (some of this information is stored elsewhere on the school site for ease but will be collated to the pupil record for transfer etc):

- Admissions form
- Details of any SEND (stored with the SENCO)
- If the pupil has attended an early years setting, the record of transfer
- Annual written reports to parents
- National curriculum and agreed syllabus record sheets
- Notes relating to major incidents and accidents involving the pupil (stored with the Deputy Head or Pupil Support Officer)
- Any information about an education and healthcare (EHC) plan and support offered in relation to the EHC plan (stored with the SENCO)
- Any notes indicating child protection disclosures and reports are held (stored with the DSL)
- Any information relating to exclusions (stored with the Deputy Head or Headteacher)
- Any correspondence with parents or external agencies relating to major issues, e.g. mental health (stored with the SENCO)
- Notes indicating that records of complaints made by parents or the pupil are held

3.5. The following information is subject to shorter retention periods and, therefore, will be stored separately in a personal file for the pupil in the school office:

- Absence notes
- Parental and, where appropriate, pupil consent forms for educational visits, photographs and videos, etc.
- Correspondence with parents about minor issues, e.g. behaviour

3.6. Hard copies of disclosures and reports relating to child protection are stored in a securely locked filing cabinet in the DSL's office

3.7. Hard copies of complaints made by parents or pupils are stored in a filing cabinet in the headteacher's office.

3.8. Actual copies of accident and incident information are stored separately in the incident log books held in line with the retention periods outlined in this policy. An additional copy may be placed in the pupil's file in the event of a major accident or incident.

- 3.9. The school will ensure that no pupil records are altered or amended before transferring them to the next school that the pupil will attend.
- 3.10. The only exception to the above is if any records placed on the pupil's file have a shorter retention period and may need to be removed. In such cases, the DPO responsible for disposing records, will remove these records.
- 3.11. Electronic records relating to a pupil's record will also be transferred to the pupils' next school. [Section 10](#) of this policy outlines how electronic records will be transferred.
- 3.12. The school will not keep any copies of information stored within a pupil's record, unless there is ongoing legal action at the time during which the pupil leaves the school. The responsibility for these records will then transfer to the next school that the pupil attends.
- 3.13. The school will, wherever possible, avoid sending a pupil record by post. Where a pupil record must be sent by post, it will be sent by registered post, with an accompanying list of the files included. The school it is sent to is required to sign a copy of the list to indicate that they have received the files and return this to the school.

4. Retention of pupil records and other pupil-related information

- 4.1. The table below outlines the school's retention periods for individual pupil records and the action that will be taken after the retention period, in line with any requirements.
- 4.2. Electronic copies of any information and files will be destroyed in line with the retention periods below.

10. Storing and protecting information

- 10.1. The DPO will undertake a risk analysis to identify which records are vital to school management and these records will be stored in the most secure manner.
- 10.2. The DPO will conduct a back-up of information on a termly basis to ensure that all data can still be accessed in the event of a security breach, e.g. a virus, and prevent any loss or theft of data.

- 10.3. Where possible, backed-up information will be stored off the school premises, using a central back-up service operated by the LA.
- 10.4. Confidential paper records are kept in a locked filing cabinet, drawer or safe, with restricted access.
- 10.5. Confidential paper records are not left unattended or in clear view when held in a location with general access.
- 10.6. Digital data is coded, encrypted or password-protected, both on a local hard drive and on a network drive that is regularly backed-up off-site.
- 10.7. Where data is saved on removable storage or a portable device, the device is kept in a locked and fireproof filing cabinet, drawer or safe when not in use.
- 10.8. Memory sticks are not used to hold personal information unless they are password-protected and fully encrypted.
- 10.9. All electronic devices are password-protected to protect the information on the device in case of theft.
- 10.10. Where possible, the school enables electronic devices to allow the remote blocking or deletion of data in case of theft.
- 10.11. Staff and governors do not use their personal laptops or computers for school purposes.
- 10.12. All members of staff are provided with their own secure login and password, and every computer regularly prompts users to change their password.
- 10.13. Emails containing sensitive or confidential information are password-protected to ensure that only the recipient is able to access the information. The password will be shared with the recipient in a separate email.
- 10.14. Circular emails to parents are sent blind carbon copy (bcc), so email addresses are not disclosed to other recipients.
- 10.15. When sending confidential information by fax, members of staff always check that the recipient is correct before sending.
- 10.16. Where personal information that could be considered private or confidential is taken off the premises, to fulfil the purpose of the data in line with the GDPR, either in an electronic or paper format, staff take extra care to follow the same procedures for security, e.g. keeping devices under lock and key. The person taking the information from the school premises accepts full responsibility for the security of the data.
- 10.17. Before sharing data, staff always ensure that:

- They have consent from data subjects to share it.
 - Adequate security is in place to protect it.
 - The data recipient has been outlined in a privacy notice.
- 10.18. All staff members will implement a 'clear desk policy' to avoid unauthorised access to physical records containing sensitive or personal information. All confidential information will be stored in a securely locked filing cabinet, drawer or safe with restricted access.
- 10.19. Under no circumstances are visitors allowed access to confidential or personal information. Visitors to areas of the school containing sensitive information are supervised at all times.
- 10.20. The physical security of the school's buildings and storage systems, and access to them, is reviewed termly by the site manager in conjunction with the DPO. If an increased risk in vandalism, burglary or theft is identified, this will be reported to the headteacher and extra measures to secure data storage will be put in place.
- 10.21. The school takes its duties under the GDPR seriously and any unauthorised disclosure may result in disciplinary action.
- 10.22. The DPO is responsible for continuity and recovery measures are in place to ensure the security of protected data.
- 10.23. Any damage to or theft of data will be managed in accordance with the school's Security Breach Management Plan.

11. Accessing information

- 11.1. Holly Park is transparent with data subjects, the information we hold and how it can be accessed.
- 11.2. All members of staff, parents of registered pupils and other users of the school, e.g. visitors and third-party clubs, are entitled to:
- Know what information the school holds and processes about them or their child and why.
 - Understand how to gain access to it.
 - Understand how to provide and withdraw consent to information being held.
 - Understand what the school is doing to comply with its obligations under the GDPR.
- 11.3. All members of staff, parents of registered pupils and other users of the school and its facilities have the right, under the GDPR, to access certain personal data being held about them or their child.

- 11.4. Personal information can be shared with pupils once they are considered to be at an appropriate age and responsible for their own affairs; although, this information can still be shared with parents.
- 11.5. Pupils who are considered to be at an appropriate age to make decisions for themselves are entitled to have their personal information handled in accordance with their rights.
- 11.6. The school will adhere to the provisions outlined in the school's GDPR Data Protection Policy when responding to requests seeking access to personal information.

12. Digital continuity statement

- 12.1. Digital data that is retained for longer than six years will be named as part of a digital continuity statement.
- 12.2. The DPO will identify any digital data that will need to be named as part of a digital continuity statement.
- 12.3. The data will be archived to dedicated files on the school's server, which are password-protected – this will be backed-up in accordance with [section 10](#) of this policy.
- 12.4. Memory sticks will never be used to store digital data, subject to a digital continuity statement.
- 12.5. The IT technician will review new and existing storage methods annually and, where appropriate add them to the digital continuity statement.
- 12.6. The following information will be included within the digital continuity statement:
 - A statement of purpose and requirements for keeping the records
 - The names of the individuals responsible for long term data preservation
 - A description of the information assets to be covered by the digital preservation statement
 - A description of when the record needs to be captured into the approved file formats
 - A description of the appropriate supported file formats for long-term preservation
 - A description of the retention of all software specification information and licence information
 - A description of how access to the information asset register is to be managed in accordance with the GDPR

13. Information audit

- 13.1. The school conducts information audits on an annual basis against all information held by the school to evaluate the information the school is holding, receiving and using, and to ensure that this is correctly managed in accordance with the GDPR. This includes the following information:
- Paper documents and records
 - Electronic documents and records
 - Databases
 - Microfilm or microfiche
 - Sound recordings
 - Video and photographic records
 - Hybrid files, containing both paper and electronic information
- 13.2. The information audit may be completed in a number of ways, including, but not limited to:
- Interviews with staff members with key responsibilities – to identify information and information flows, etc.
 - Questionnaires to key staff members to identify information and information flows, etc.
 - A mixture of the above
- 13.3. The DPO is responsible for completing the information audit. The information audit will include the following:
- The school's data needs
 - The information needed to meet those needs
 - The format in which data is stored
 - How long data needs to be kept for
 - Vital records status and any protective marking
 - Who is responsible for maintaining the original document
- 13.4. The DPO will consult with staff members involved in the information audit process to ensure that the information is accurate.
- 13.5. Once it has been confirmed that the information is accurate, the DPO will record all details on the school's Information Asset Register.
- 13.6. The information displayed on the Information Asset Register will be shared with the headteacher to gain their approval.

14. Disposal of data

- 14.1. Where disposal of information is outlined as standard disposal, this will be recycled appropriate to the form of the information, e.g. paper recycling, electronic recycling.
- 14.2. Where disposal of information is outlined as secure disposal, this will be shredded or pulped and electronic information will be scrubbed clean and, where possible, cut. The DPO will keep a record of all files that have been destroyed.
- 14.3. Where the disposal action is indicated as reviewed before it is disposed, the DPO will review the information against its administrative value – if the information should be kept for administrative value, the DPO will keep a record of this.
- 14.4. If, after the review, it is determined that the data should be disposed of, it will be destroyed in accordance with the disposal action outlined in this policy.
- 14.5. Where information has been kept for administrative purposes, the DPO will review the information again after three years and conduct the same process. If it needs to be destroyed, it will be destroyed in accordance with the disposal action outlined in this policy. If any information is kept, the information will be reviewed every three subsequent years.
- 14.6. Where information must be kept permanently, this information is exempt from the normal review procedures

15. Monitoring and review

- 15.1. This policy will be reviewed on an annual basis by the DPO in conjunction with the governors and Headteacher.
- 15.2. Any changes made to this policy will be communicated to all members of staff and the governing body.

Appendix I

Justification for retention

Data Item	Justification for retention
Admissions	<p>Nursery Admissions files</p> <p>Admissions data is used extensively from the period of the school receiving it up until the point where children enrol. It is then used for some validation and cross checking of enrolment details. Once enrolled, the child's records in the MIS become the core record.</p> <p>Data about children who enrolled but didn't get in is useful, but any intelligence gathered from it (for example, where in the city children are interested in our school, or the SEN make up) is aggregated within the first year to a level being non-personal, after that, the detailed data within the admission file could be deleted.</p> <p>It is important to retain detailed data for a year, any appeals for which richer data about other successful/unsuccessful appeals may be relevant typically happen in the first year.</p>
Attainment	<p>Formative assessment data is useful as a child is building towards a particular more formal assessment. Once the child leaves the school, it has little value in terms of retention.</p> <p>Summative attainment is the main outcome of what children 'attain' in school. It is important that future schools where pupils go on to learn can understand previous attainment. Whilst often that information is 'passed on' smoothly as children move phase, it is not always the case, and thus retaining the names alongside the main attainment data for 1 year after the pupil has left the school feels proportionate.</p> <p>Trend analysis is important, 3 to 5 years is often the 'trend' people look at, but longer may be relevant. Whilst this must be fully flexible in reporting small sub groups, and the data would wish to be retained at individual level, some personal data (for example, name) could be removed from the data to reduce sensitivity.</p> <p>After 3 to 5 years, then aggregated summaries that have no risk of identifying individuals are all that are typically needed to be retained.</p>
Attendance	<p>Attendance data probably resides in some 'operational' systems in schools, such as cashless catering. In these systems, the data should only be retained until the associated business processes have concluded (for example, payment of meals).</p> <p>The start of the next academic year once all bills are settled feels proportionate.</p>

	<p>Attendance is related to individual attainment and so being able to relate attendance to attainment whilst in our care is important. Keeping it in detailed, individual form for one year after the pupil leaves school support conversations about detailed attendance that may be needed to best support that child.</p> <p>After that period, non-identifiable summary statistics are all that is required to support longer-term trend analysis of attendance patterns.</p>
Behaviour	<p>This is all relevant for managing children when with at your school. 1 year allows a period of 'handover' to next institution with conversations supported by rich data if relevant.</p>
Exclusions	<p>Exclusion data should be 'passed on' to subsequent settings. That school then has responsibility for retaining the full history of the child. If a private setting or the school is unsure on where the child has gone, then the school should ensure the LA already has the exclusion data.</p>
Catering and free school meal management	<p>A short historic record of what a child has had may be useful in case of any food-related incidents at school, or parental queries about the types of meals their children are choosing. Keeping for up to one year also allows time to do accounting work associated with catering. Typically 'one month' may not be enough, but 'one year' feels enough.</p> <p>Due to the way school funding works, free school meal eligibility is a financial matter, and thus keeping this data for 6+1 feels appropriate. This 7- year record also needs to be portable with the pupil, as historic dates can be used for funding.</p>
Trips and Activities	<p>Financial information related to trips should be retained for 6 years + 1 for audit purposes. This would include enough child identifiers to be able to confirm contributions.</p> <p>A 'field file' is the information that is taken on a trip by a school. This can be destroyed following the trip, once any medicines administered on the trip have been entered onto the core system. If there is a minor medical incident (for example, a medical incident dealt with by staff in the way it would be dealt with 'within school') on the trip, then adding it into the core system would be done.</p> <p>If there is a major incident (for example, a medical incident that needed outside agency) then retaining the entire file until time that the youngest child becomes 25 would be appropriate.</p> <p>Permission to go on the trip slips will contain personal data, and destroying them after the trip unless any significant incident arises is appropriate, otherwise refer to the policies above.</p>
Medical Information and Administration	<p>To support any handover work about effective management of medical conditions to a subsequent institution.</p> <p>Permission forms that parents sign should be retained for the period that medication is given, and for 1 month afterwards if no issue is raised by child/parent. If no issue is raised in that time,</p>

	<p>that feels a reasonable window to assume all was administered satisfactorily. Adding this policy to the permission slip would seem prudent.</p> <p>Medical ‘incidents’ that have a behavioural or safeguarding angle (including the school’s duty of care) should refer to the retention periods associated with those policies.</p>
Safeguarding	<p>All data on the safeguarding file potentially forms part of an important story that may be needed retrospectively for many years. The elements of a pupil file (name, address) that are needed to identify children with certainty are needed to be retained along with those records.</p>
Personal identifiers, contacts and personal characteristics	<p>Images are used for different reasons, and the reason should dictate the retention period. Images used purely for identification can be deleted when the child leaves the setting. Images used in displays etc. can be retained for educational purposes whilst the child is at the school. Other usages of images (for example, marketing) should be retained for and used in line with the active informed consent captured at the outset of using the photograph.</p> <p>Biometric data (typically fingerprints used in things like catering) should be used and retained as set out in the active informed consent gained at the outset, but typically this should not be retained long (for example, the child no longer attends the school to have a meal).</p> <p>As set out in other sections, names are needed for smooth handover to subsequent schools for up to one year.</p> <p>Postcode data is useful in analysing longer-term performance trends or how catchment/pupil populations are shifting over time, but full address data (house number and road) is not required for that activity.</p> <p>Schools may well provide references for pupils for up to 3 years after they leave, and so retaining the name in the core pupil record is important (this doesn’t mean it needs to be retained in all systems). Keeping names attached to safeguarding files for longer than this may be entirely appropriate – see safeguarding section.</p> <p>Characteristics form an essential part of trend analysis, and so retention is in line with those needs.</p>
